Dear Daysland School Families,

The end of quarter one has arrived. We would like to thank everyone for your help in making it a smooth transition back to school during a pandemic. Without the cooperation and dedication of students, families, and staff, we could not have been so successful. All of our protocols for health and safety will remain in place as the quarters change. Assigned entries, hand sanitizing, face masks, cohorts and staggered recesses will continue. If there are changes to any of our procedures or guidelines, we will keep you informed.

The beginning of the second quarter will bring some changes to our schedule. The biggest changes are in high school, as they will begin new subjects. This will result in some minor changes to our junior high teaching assignments. This is to accommodate teachers that need to instruct high school courses. Junior high students will also be rotating their option courses. There are no changes to our elementary programming.

Below is a list of secondary grades, the subjects, and the teacher they will have for each course. Please note that students in Grade 11 and 12 that are not taking one of the science courses provided will have Off-Campus opportunities. If your child has questions, please contact Mr. Kyle or Mr. Wilson.
