

# Career Counselling

February 2022 Newsletter

It all started with a 'Moose' and a TikToker's passion for visual design. Check out how a young [Calgary TikToker](#) designed and presented a new image to Transport Canada. Coming Soon to a highway near you!

<p><b>IMPORTANT</b> <b>Post-Secondary Information</b></p>	<p><b>New Demands</b> <b>New Programs</b></p>	<p><b>Skilled, Respected, Valued</b> <b>A Career in the Trades!</b></p>
<p>1. If you are waiting for your admission status, be sure to <b>update</b> your high school marks for your post-secondary institutions. Unsure? Check with your institution to see if this is required and how to submit.</p>  <p>2. <b>WATCH FOR DEADLINES!</b> Accept your offer of admission and pay your deposit. Applications may be cancelled if you do not pay your fees.</p>  <p>3. If additional application requirements need to be addressed, please ensure your deadlines are met ie. portfolios, volunteer hours, prerequisite course work, references, auditions, medical requirements, etc.</p>	<p>Are you interested in working with diverse industries where you would lead <b>sustainable innovation strategies</b>? Medicine Hat College is offering "a first of its kind in Canada" diploma in this field. Another first for MHC is the <b>Service Dog &amp; Canine Studies Management Diploma</b> with an opportunity for work integrated learning.</p> <p>MacEwan's <b>Alberta Foundation Program</b> focuses on strengthening a learner's admissibility to university through dedicated support and mentorship. Or, take a look at the <b>Bachelor of Fine Arts</b> with many choices including film studies and song writing.</p> <p>New to students with autism is the six month <b>Autism CanTech!</b> program preparing for data entry skills for the digital economy at NorQuest College. NorQuest also has a new <b>Machine Learning Analyst Diploma</b> to enter the workforce in artificial intelligence or machine learning.</p>	 <p>Apprentices learn on the job, ensuring that they receive practical, hands-on-training that meets the current needs of industry and future employers.</p> <p>Check out the <b>Work Transition</b> section of your <b>BRSD High School Plus</b> site to learn more about the <i>Trades (Apprenticeships)</i>.</p> <p>You can connect to <i>Alberta Apprenticeship and Industry Training</i> for details about the <b>Trades &amp; Occupations List</b> including trade descriptions, apprenticeship information (e.g., length of apprenticeship for both on-the-job training and technical training) and <b>Trade Entrance Requirements</b>.</p> <p>Find links to <b>Financial Assistance</b> for the trades (i.e., <i>Grants, Loans &amp; Tax Benefits; Employment Insurance; and Scholarships</i>).</p>

**It's that time again! Check your courses, marks and credential requirements in your myPass account with your Detailed Academic Report and your Credential Requirement Checklist.**
