Bored this summer?

Consider building your job skills by:

Contacting the OPEN DOOR about *YESS Youth Employment and Skills Strategy Program* which includes:

- Employment services support for youth ages 15-30.
- Employment skills training.
- Finding quality employment opportunities.
- Support with mentorship, essential skills, life skills / soft skills, job skills, outreach, and support with on-the-job training.
- Take a FREE COURSE! Yale's Pysch 157 "Psychology & the Good Life" or the "[Science of Well-Being](#)" features lectures about what really makes us happy. It is the most popular course at Yale and is free.
- EdX has "[Finance Fundamentals](#)" where you learn finance basics for free.

ALBERTA 2030: BUILDING SKILLS FOR JOBS

Alberta 2030 is a government initiative and a new direction for our province's higher education system. Initiatives include:

- Developing new certificate and diploma programs with apprenticeship-style learning.
- Offering more work-integrated learning opportunities at the post-secondary level.
- New micro-credentials - Here are some examples:
 - NAIT - [Small Engine Repair Certificate](#) - 3 courses.
 - U of A - [C# Back End Web Development](#).
 - SAIT - SAITMicro - [Business and Leadership](#).
